

PROJECT EXAMPLE

Fenwick

Recently completed Re Roofing project completed in Fenwick, Ayrshire.

After experiencing some severe storm damage, it was clear to the client that the existing slate roof covering was in need of replacement. The client contacted our Ayr office to take advantage of our free drone survey service. One of our dedicated surveyors attended site and compiled a detailed quotation for re-roofing the property.

As you will see from the images this project had a wide range of aspects from new slate roof, new leadwork, Solar PV and roof terraces.

Our scope of works on this project consisted of below,

- ▶ New Cupa Heavy 3 Spanish slate.
- ▶ New Black uPVC rainwater goods.
- ▶ Replacement of all leadwork and new lead wall head capping.
- ▶ Replacement flat roof with new built up felt system including insulation upgrade.
- ▶ Weathering of new roof terraces.
- ▶ Weathering of newly installed solar PV

All works completed on time and on budget providing the client with a **10 year guarantee** on all works.
